Are you a **Digital Marketer** looking to be a part of a team where your skills can shine? There are a lot of competitors in our industry, but we take pride in being the best. The team member we're looking for has a passion for helping our clients grow their business through unique and creative solutions. A strong understanding of digital marketing including search engine optimization, marketing analytics, social media management, content creation, ad development, and email marketing is required. The position is part-time to full-time, 9-5 pm Monday-Friday.

If you're looking to work hard in a fun and rewarding environment, let's chat. Check out the last section for details on how you can get started.

Your Mission, Should You Choose to Accept It

1. Create original high-quality content across a variety of channels for various industries.
2. Write blogs, develop graphics, produce ads, and create content to support marketing.
3. Develop content and marketing strategies that engage existing and potential customers.
4. Maintain a content calendar and work within a project management software.
5. Coordinate with the internal web development team to execute marketing strategies.
6. Manage multiple social platforms to engage and grow online community.
7. Communication of data and insights through reports both internally and to clients.
8. Construct unique ad campaigns to target specific marketing goals.

The Skills You'll Need

1. Bachelor's Degree in Online Marketing or equivalent real-world experience.
2. 2-3 years of Marketing Experience.
3. Experience with content creation including ad development across social media platforms.
4. Strong knowledge of SEO with the ability to perform keyword research and optimization.
5. Knowledge of all Google Services. Any Google certifications are a plus.
6. Familiarity with marketing software including email marketing platforms and CRMs.
7. Ability to work independently as well as within a team.
8. Strong attention to detail.
9. Creative and critical thinking skills.
10. Self-motivation and a desire to be a part of something bigger.
11. Organizational skills and the ability to manage multiple projects at once.

Our Core Values

1. Making A Difference – Whether it's growing our client's business or giving back to our community, we strive every day to make a difference. Why? Because we believe in creating a bright future.
2. Goal Driven – True success is about developing goals, achieving them, and surpassing them. Our business goals become the foundation for our projects, and we won't stop until we've surpassed them.
3. No B.S. – We refuse to provide or recommend services our customers don't need. Life is short, and business is too expensive to waste time or money. The only B.S. we're cool with is our Web Team Lead.
4. Love of Learning – Our passion for learning encompasses our client's businesses as well as the desire for personal growth. We'll never stop learning and we'll always keep improving.
5. Appreciation – We understand that IDS wouldn't exist without our clients. Therefore, we take time to appreciate each one by celebrating their unique qualities and helping them shine.

There's Plenty of Benefits When Working with Us

1. Company funded health insurance HSA with full access to insurance experts.
2. Access to investment advisors that can assist you in growing your wealth.
3. Start-up culture with the opportunity to make an impact and grow your career.
4. Fun and engaging work environment with the ability to make your space your own.
5. Fully stocked relaxation space for when you just need a minute.
6. Compensation with raises that adjust to your unique value.
7. Access to personal growth, training, development tools.
